

12 September 2025

Dear Parent/Carer

Biozone AQA Biology 2 – Student Edition Workbook

To support our A Level Biology students in developing strong independent study habits and deepening their understanding of the course content, we will be using the **Biozone AQA Biology 2 – Student Edition** workbook throughout the year.

This workbook is tailored specifically to the AQA Biology specification and provides:

- Clear summaries of each topic
- Engaging diagrams and explanations
- Practice questions to reinforce learning and improve recall

Students will be using the workbook regularly in lessons, for homework, and during independent study sessions. As such, **it is a required resource for all students** taking A Level Biology.

To ensure everyone has the correct edition and to benefit from a bulk discount and postage, we will be placing a group order. The cost is £11.60, which is significantly lower than purchasing the workbook individually online.

Please make your payment via WisePay (Shop Section, under School Merchandise) **by Friday 19 September** so that we can place the order promptly and ensure students can start using their copies as soon as possible.

Should you have any financial concerns with regards to payment, please contact finance@newsteadwood.co.uk in confidence.

Thank you for your support in helping us provide the best possible resources for your child's learning.

Yours sincerely,

Sophie Robinson

Ms S Robinson
Head of Biology, Oxbridge Coordinator

Headteacher: Mr Alan Blount, MA, BSc, QTS
