

ACADEMIC EXCELLENCE FUND 2025

SCHOOL DEVELOPMENT UPDATES

We are excited to share the latest developments at Newstead Wood School as we continue to enhance our educational environment. Your ongoing support has been vital in making these improvements, which directly benefit our students' learning experiences.

RECENT DEVELOPMENTS

The school summer holiday is always a busy period behind the scenes. With classrooms empty and corridors quiet, it's our prime opportunity to carry out planned improvements across the site, ensuring everything is refreshed, repaired, and ready for the new academic year.

Look and feel refreshed:

A new external cold-store outside the canteen has been installed to create more space inside the canteen and dining area. We've added fresh paint and new wall art throughout corridors and classrooms to create a brighter, more welcoming environment.

An artist has hand-painted a series of murals in the Art Concourse, telling the story of Newstead Wood School.

Displays of student artwork now sit proudly alongside pieces by professional artists, showcasing creativity and talent across our community.

The final phase of new flooring has been completed in all classrooms and corridors, improving comfort and appearance throughout the school.

10-YEAR MASTER PLAN

Our plan to transform our estate continues with a focus on Science.

IT DEVELOPMENTS

Preparations for the October Windows 11 upgrade have taken place over the summer.

Teachers and Students continue to benefit from the completed roll-out of Surface Pro devices enhancing lessons and enabling effective interaction with students.

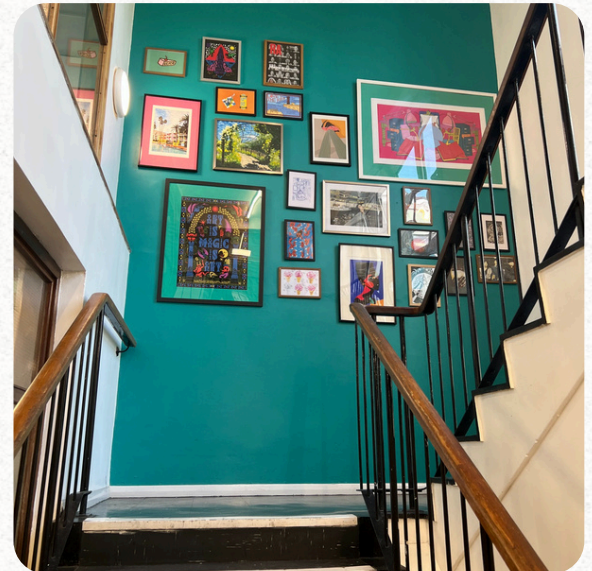

YOUR SUPPORT

The Academic Excellence Fund (our Regular Giving Scheme) is the backbone of our school fundraising. It is a regular monthly giving scheme for donations of any size (although one-off donations are also very welcome). Regular donations make a lasting impact on the development of our school. The Academic Excellence Fund is a vital lifeline, enabling us to create an enriching environment where learning knows no bounds. We have various channels through which you can contribute to our fundraising efforts.

With your support, we can shape a transformative learning community that prepares students for a dynamic future. Join us on this journey as we work to further enhance the school's facilities empowering our students to thrive and excel in their learning environment.

Please contact our Marketing and Development Office for more information on giving and the many ways you can support us.
